**APPROVAL OF HANDBOOKS AND DIRECTIVES**

*Policy reflects Minnesota statute and aligns with other District 270 policies.*

In order that pertinent Board policies, regulations, and school rules and procedures may be known by all staff members and students affected by them, District administrators and principals are granted authority to issue staff and student handbooks.

It is essential that the contents of all handbooks conform with District wide policies and specific regulations; it is also important that all handbooks display the name of the District and the school. Therefore, the Board expects all handbooks to be approved by the superintendent or designee, and make them available to the Board for informational purposes.
